

C^{21st} Magic

Ancient Wisdom for Modern People

The Secret

A long, long time ago, in the way distant past, there was a secret knowledge that was known by everyone. Through this knowledge people realised that they lived within a Magical Universe of choice. By connecting with the energy of The Magician that lies deep within all of us they created their Universe just the way they wanted it.

For one reason or another, over time the spark of the knowledge began to fade until most people didn't even realise it was there. Without even knowing it, they began to create Universes that appeared to be chaotic, disordered and out of control. Sometimes they got what they wanted and sometimes they didn't. Sometimes they were happy and sometimes they weren't.

Fortunately, The Secret still pulses within the deep recesses of everyone's mind. Through diligent study, learning and practice, anyone can reconnect with The Secret hiding inside of them and reawaken the energy of The Magician that dwells within us all. Once The Magician you are, empowered as the Creator Of Universes, your own.

The Secret's inside...
